

Video Surveillance

DIVIDIA manufactures our own NVR's and controls the software which powers them. This allows us to custom tailor each installation to match the scenario we are protecting. We offer the latest in High- Definition MegaPixel camera technology.

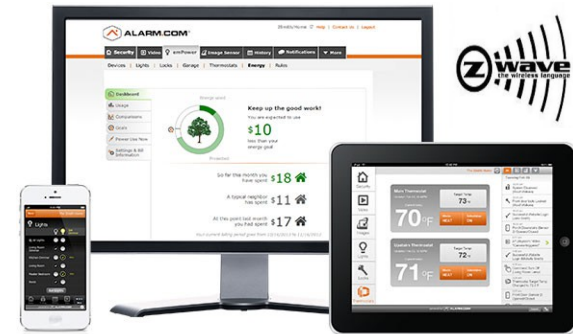

We have over 800 installations; ensuring industrial, commercial, and residential assets in over 4 countries. We provide solutions for Hospitals, Retail, Hospitality, Rock Quarries, Package Stores, Asphalt Plants, Schools, and much more.

- * Zero Software Install
- * Scalable Camera Licensing
- * Remote viewing on Phone/Tablet/Laptop
- * View Multiple Locations in one window with Enterprise Viewer
